Education - What's it Worth?

We can tell you what a degree costs, but do you know what it's worth? College-educated families earn 1/3 of all income, control 1/2 of all discretionary income and represent 1/2 of all homes earning \$50,000 or more a year... despite the fact that these households account for only 20% of all homes. The gap in earnings between well-educated and the less-educated is striking and increases with age. Households headed by college graduates in the 30-34 age bracket earn 35% more annually than homes headed by people with only a high-school diploma. For householders between the ages of 50-54, the earning gap increases to 60%.*

What If I'm Afraid I Can't Remember Enough To Go To College?

Don't worry. We will assess your present abilities in English, Reading, and Math and then advise you into classes you are ready to take.

When Should You Go To College?

Persons of all ages are going to college. So anytime YOU are ready is a good time to start college. Dodge City Community College offers a variety of times to take classes:

NIGHT CLASS: Most night classes run one night a week for one semester. (For example, American National Government is offered on Wednesday nights from the middle of August through the middle of December.)

DAY CLASS: Classes are offered on a Monday, Wednesday, and Friday schedule, or on a Tuesday and Thursday schedule, or on a Monday through Friday schedule.

EXTERNAL STUDIES: Courses available through External Studies are specifically designed for independent study. The program requires completion of the course within 5 months from the date of enrollment and a minimum of four on-campus visits with your instructors. You may enroll in this type of class offering at anytime during the year.

THURSDAY COLLEGE: During the Fall and Spring semesters, you may take classes offered only on Thursdays. Students in Thursday College usually take one class in the morning, one class in the afternoon and one class at night.

1983 GRADUATE OF DCCC
(Presently enrolled in Saint Mary of the Plains Baccalaureate Nursing Program)

"I am so glad that I chose DCCC for my two year pre-nursing classes. Because of small class size, I always got a lot of attention from the instructors. They were willing to work with me on an individual basis. Thereby developing a sense of trust and understanding. I feel that the instructors at DCCC take a sincere interest in their students."
